The Editors regret that some errors appeared in the article "Respiratory Illness in Factory and Office Workers" by J. H. Angel, C. M. Fletcher, I. D. Hill, and C. M. Tinker, in the April issue, which should be corrected as follows:

p. 68, Table II, under *Approximate daily tobacco consumed*:

line 2, col. 5 (age 45-49): for 5 read 3

line 3, col. 1: for 154 gms. read 15 + gms.

p. 72, Table V, last line, cols. 6, 7, 8, and 9:

for 1·2 | 0·9 | 2·1 | 2·1

read 0·9 | 2·1 | 2·1 | 0·4

p. 75, Table VII, last line,

col. 1: *Mean change FEV* should be in roman type

col. 2: delete *

footnotes to Table VII: delete * Significant change at 5 per cent. level

line 7 from foot: for 'and' read 'adds'
